

THE NATIONAL PLAN TO **END** **PARKINSON'S**

You can use your voice to create meaningful change in Congress that will prioritize a cure for Parkinson's. Our community is coming together to support the National Plan to End Parkinson's Act.

The National Plan to End Parkinson's Act is first-of-its-kind legislation that will unite the federal government in a mission to prevent and cure Parkinson's. This legislation has monumental potential to accelerate a cure and care for those living with Parkinson's and their families, and we need your help to get it passed!

Please call your members of Congress to request their support for this bill!

You bring a unique experience and perspective in sharing your Parkinson's journey, and your voice matters. Lawmakers record how many calls they get on a particular bill, especially when you explain why the bill matters to you.

When you are ready, you can call Congress directly from your phone by looking up your senators' and representative's office numbers online or by calling the U.S. Capitol Hill switchboard at 202-224-3121 and asking to be connected to their offices.

We encourage you to use this customizable call script.

Hello! My name is [your name], and I am calling from [your city/state].

How can I help you?

I am calling to ask [Representative/Senator _____] to co-sponsor the National Plan to End Parkinson's Act. It is bill number H.R. 2365/S. 1064.

What does the bill do?

The National Plan to End Parkinson's Act is bipartisan, no-cost legislation that would create an advisory council to ensure efficient and effective coordination among all federal entities with responsibility for managing, treating, and curing Parkinson's disease. [Please share a brief snippet of your personal story or connection to Parkinson's disease.]

How can our office help?

I am asking [Representative/Senator _____] to show their support for the Parkinson's community by co-sponsoring the National Plan to End Parkinson's Act. I am happy to answer questions about my experience with Parkinson's disease, and I would appreciate a response once [Representative/Senator _____] has decided whether to co-sponsor the bill.

Thank you for your time today.
