

# Mental Health and Parkinson's in the Heartland

Tuesday, September 18, 12 p.m. – 1:30 p.m.

**Join us for a national webinar, followed by Dr. Kelsey Sewell from KUMC Parkinson's Disease and Movement Disorder Center, discussing common mind and mood challenges with PD.**

## **Expert Briefing: Mental Health and PD**

In this webinar, Dr. Laura Marsh, MD, Professor of Psychiatry and Neurology, Baylor College of Medicine, will focus on the overlap of motor, cognitive, and psychiatric aspects of PD. Learn more about depression, anxiety and psychosis symptoms along with general approaches to treatment.

## **Dr. Kelsey Sewell, PhD – Discussion and Q&A following webinar**

Dr. Sewell is a Clinical Psychologist at the KUMC Parkinson's Disease and Movement Disorder Center specializing in Health Psychology. She works with patients in the Parkinson's Disease and Movement Disorder Center at the University of Kansas Medical Center on a variety of issues, such as coping with Parkinson's Disease, managing depression and anxiety, and improving sleep difficulties
